

Galway Centre for Independent Living's

Braille and Audio Service

Braille and Audio duplication services translate documents into an accessible format for people with a visual impairment. Since December 2005 the Irish Disability Act obliges public companies and some private companies to provide all their documents and information in a format accessible to the vision impaired. Providing information in a range of accessible formats ensures that companies can reach the greatest number of possible clients.

Galway Centre
for Independent Living

Unit 10, Town Park Centre,
Tuam Road, Galway, Ireland.
Tel: 091-773910 • Fax: 091-773919
mail@gcil.ie • www.gcil.ie

Galway Centre for Independent Living will translate documents into Braille or Audio for members of the public and private companies.

Please contact the office for further details and costs.
